No Answers Only Questions lyrics

Some of us laugh, some of us cry
Some of us lay back, watch the world go by
Some of us fear, some of us hate,
Some of us won't wake up until it's too late

The distance between us is a a mystery to us all
The difference between us is too small
There are no answers only questions
And we're all strangers to the truth

But in my mind's sight I have found the reason why
But I carry the burden of the proof

What do we find, why do we fall
Why do we stand the backs against the wall
Why don't we change, why don't we try
Why don't we turn around, help the other guy

The distance between us is a a mystery to us all
The difference between us is too small
There are no answers only questions
And we're all strangers to the truth
