Tell me what to do
Now the light in my life is gone from
mels it always the same
els the night never ending
Tell me what to do
All the hopes and the dreams went
wrong for me
There's a smile on my face
But I'm only
pretending
Taking my life
One day at a time
Cause I can't think what
else to do
Taking some time
To make up my mind
When there's no one to ask but
you
The same old sun would shine in the morning
The same
bright eyes would welcome me home
And the moon
would rise way over my head
And get through the night
alone
And the same old sun will shine in the morning
The
same bright stars will welcome me home
And the
clouds will rise way over my head
I'll get through the
night on my own
Tell me what to do
Now there's nobody watching over
melf I seem to be calm
Well it's all an illusion
Tell me
what to do
When the fear of the night comes over
me
There's a smile on my face
Just to hide the confusion
Taking my life
One day at a time
Cause I can't think what
else to do
Taking some time
To make up my mind
When there's no one to ask but
you
The same old sun would shine in the morning
The same
bright eyes would welcome me home
And the moon
would rise way over my head
And get through the night
alone
And the same old sun will shine in the morning
The
same bright stars will welcome me home
And the
clouds will rise way over my head
I'll get through my life
on my own
