Ceux qui s'èment la mort et font récolter l'or noir  
Ceux qui n'aiment que l'or, qui n'aiment ni la vie, ni  
l'Armor  
Ceux qui n'aiment que l'or n'auront ni paix, ni gloire

Plutôt la mort que la souillure, tel était le slogan  
Au pays d'hermine pure, au pays des godlands

Sowing death on sea, soiling our land of old  
Sowing death on sea, their only love is gold

Sowing death on sea, knowing their motto is wait and  
see

Sowing death on sea, human indecency  
Sowing death on sea, so blind, deaf and selfish  
Sowing death on sea, they're killing birds and fish  
Sowing death on sea, spoiling our work and walks on  
the sand  
Sowing death on sea, their oil is on our hands
