Tonight I'll write a letter
Put it in a bottle and hope that it'll find you
Delivered by the arms of the tide
'Cause I just can't forget you
Lorelei Lorelei sweet Lorelei

They call you Lorelei siren of the sea
You haunt me with a song out of the deep

Oh I was victim to your sorcery
Led me straight to misery
Like a sailor lost overboard
Oh oh oh oh I can't take anymore
Oh I was tempted by your burning lips
Trapped inside your sweet caress
While you kept on dragging me down
Drowin' in my tears
Sometimes I still wonder why
Lorelei

The storm beats at my window
Every time the thunder starts
Feel the pounding of my heart
Think I hear your voice in the wind
The rain it wets my pillow
Lorelei Lorelei sweet Lorelei

They call you Lorelei siren of the sea
No I can't break the spell you cast on me

Oh I was victim to your sorcery
Led me straight to misery
Like a sailor lost overboard
Oh oh oh oh I can't take anymore
Oh I was tempted by your burning lips
Trapped inside your sweet caress
While you kept on dragging me down
Drowin' in my tears
Sometimes I still wonder why
Lorelei

Oh I was victim to your sorcery

Led me straight to misery
Like a sailor lost overboard
Oh oh oh oh I can't take anymore
Oh I was tempted by your burning lips
Trapped inside your sweet caress
While you kept on dragging me down
Drowin' in my tears
Sometimes I still wonder why
Lorelei
