Iâ€™ve been working all year
Trying hard to achieve
Every day is a drag
And itâ€™s hard to believe
How I manage tot keep
All my senses intact
What I need is a break
What I need is the sun and the sand
Wo â– o â– wow
Yeah â– e, yeah â– e
Yaah

The sun and the sand
Iâ€™m flying away
Blowing south like a warm summer breeze
Toâ€™ the place that I love
Iâ€™m flying today
Got my case in my hand
And Iâ€™m gone

Iâ€™m ready for the sunsand
Wo â– o â– wow
Together to the sunsand
Yeah â– e
Iâ€™m flying to the sunsand
Wo â– o â– wow
And it just feels good
Good, good
Come on and get down.

Come on and get down
Down, down, down, down

Well Iâ€™m saying goodbye
To the cold and the rain
To the crowd and the noise
To the tax on my brain
And the work â– a â– day â– life

When thereâ€™s no time to loose
What I need is a change
What I need is a cure for my blues

Wo Â- o Â- wow
Yeh Â- e, yeh Â-e
Yaah

The sun and the sand
IÂ'm flying away
Blowing south like a warm summer breeze
ToÂ' the place that I love
IÂ'm flying today
Got my case in my hand
And IÂ'm gone

IÂ'm ready for the sunsand
Wo Â- o Â- wow
Together to the sunsand
Yeah Â- e
IÂ'm flying to the sunsand
Wo Â- o Â- wow
And it just feels good
Good, good
Come on and get down.

Ooh baby
And when I fly
My dreams will be forever

THERE

IÂ'm ready for the sunsand
Wo Â- o Â- wow
Together to the sunsand
Yeah Â- e
IÂ'm flying to the sunsand
Wo Â- o Â- wow
And it just feels good
Good, good
And it just feels good
Good, good
Come on and get down.
