You're unsure and you're not ready  
So that must mean I want you  
You're unavailable and disinterested  
To you I look for comfort

A million times in a million ways  
I will try to change you  
A million months and a million days  
I'll try to convince you

I have waited for you  
And adjusted for you and I'm done  
I have deferred to you  
And enabled you and I'm done

You're too young or you're too old  
Or you're simply not inclined  
You're asleep or you're withholding  
Be that my cue to crave you

Several times in several ways  
I'll try to squeeze love from you  
Several hours and several ways  
I'll feast on scraps thrown from you

I have bent for you  
And I've deprived for you and I'm done  
I have depressed for you  
And contorted for you and I'm done

I have stifled for you  
And I've compromised for you and I'm done  
I have silenced for you  
And sacrificed for you and I'm done

It won't be long before I am reclaimed  
And it won't take long and I'll be on path again  
It won't be easy for us to disengage  
And I'm at the end of self-deprivation stage

You're afraid of every woman  
Afraid of your inner workings

You cringe at the thought of living under  
The same roof as me, God and everything

A million times and a million ways  
I've tried to alter to match you  
Several times every several days  
I've tried to uncrush on you

I have waited for you  
And adjusted for you and I'm done  
I have deferred to you  
And enabled you and I'm done

I have bent for you  
And I've deprived for you and I'm done  
I have depressed for you  
And I've contorted for you and I'm done
