It's late at night and no one's around
And only my heart is making a sound
I lay awake alone in my bed
And I can't sleep should I call you instead

I think of you far too much
'Cause you, you're one of a kind
I'm not like an open book
'Cause I've got something in mind

You know I can't deny the way I feel inside
I won't be hiding my love
You know I can't disguise you're always on my mind
And now I can't get enough

Give me love, I know that you can
I like the strength of a confident man
It's in my blood and all through my veins
You feel it once and you're never the same

Whenever I close my eyes you're there, I feel it inside
But why am I holding in my love, I can't tell you why

You know I can't deny the way I feel inside
I won't be hiding my love
You know I can't disguise you're always on my mind
And now I can't get enough

I think of you far too much
'Cause you, you're one of a kind
I'm not like an open book
'Cause I've got something in mind

You know I, you know I, I can't deny
Every day you're always on my mind
You know I, you know I, I can't disguise
Can't deny the way I feel inside

You know I can't deny the way I feel inside
I won't be hiding my love
You know I can't disguise you're always on my mind
And now I can't get enough

You know I can't deny the way I feel inside
I won't be hiding my love
You know I can't disguise you're always on my mind
And now I can't get enough
