It's been ten years of investment  
It's been one foot in and one out  
It's been four days of full of shit  
And I feel snuffed out

It's been 33 years of restraining  
Of trying to control this tumult  
How did I invest in such fantasy?  
But my nervous system has won out

I feel done  
I feel raked over coals  
And all that remains is the case  
That it's a bitch to grow up

I've repeated this dance, ad nauseam  
There's still something to learn that I've not  
I totally see, this is divine perfection  
But my bones don't feel this perfection

I feel done  
I feel raked over coals  
And all that remains is the case  
That it's a bitch to grow up

I've spent my life hovering above bottom  
Thinking I can't survive what's below  
But I've known through the kicking and screaming  
That there was no other direction to go

I feel done  
I feel raked over coals  
And all that remains is the case  
That it's a bitch to grow up
