Make sure, she's alright
She just can't wait to party
She'll make it look so easy
Why won't you listen to me? Yeah

Jealousy, some girls have it rough, oh baby
Loyalty, why is that so tough? The trust is gone

Jealous, don't you know your girl is jealous?
She can't help but be suspicious
So better make it right
(So what you want me to do?)

Cruelty, it's easy for him to be
Fallacy, you're out on a limb for him

Conspiracy, anxiety, she just can't wait to party
Strategy, totally, she'll make it look so easy
Loyalty, disagree, why won't you listen to me?
Fantasy, novelty, she will be free

Jealous, don't you know your girl is jealous?
She can't help but be suspicious
Can't you see that girl is jealous?
She can't help but be suspicious
Can't you see that girl is jealous?
So better make it right

Conspiracy, anxiety, she just can't wait to party
Strategy, totally, she'll make it look so easy
Loyalty, disagree, why won't you listen to me?
Fantasy, novelty, she will be free

Jealous, it's no fallacy
Jealous, she doesn't trust you much
Suspicious so baby
Can't you see that girl don't trust you much?
Make sure, she's alright

Jealous, don't you know your girl is jealous?
She can't help but be suspicious
(Cruelty)

Can't you see that girl is jealous?
So better make it right

She doesn't trust you
Jealous, don't you know your girl is jealous?
(Cruelty)
She can't help but be suspicious
(Loyalty)
Can't you see that girl is jealous?

Jealousy, yeah
