I've been this girl offering much,  
Grumbling low and I gave all  
All that was asked of me, when order was solved  
Envision what's under the lighting  
I Never stop long enough to swim against the tide, oh  
And I will see I might get too much, to love, to mourn  
This new true love song

Chorus:

Permission to be, permission to solve  
And you're the only things that matters to me  
The freedom to flow, to a genuine flows  
And you're the only things that mattered to me

And sure, I had my fun, I play with my roles  
With title and break heart wine  
But then, after a while, so much done by rode  
No longer by inspiration  
I've never stopped long enough to see whose was this  
blind ambition  
And I was not some chanting stop  
And realize whose was this shine, so now

Chorus:

Permission to be, permission to solve  
And you're the only things that matter to me  
The freedom to flow, to a genuine flows  
And you're the only things that matter to me

If this way is by the drop,  
Here waits, this makes sense  
To a bib, with this time  
Really we have so now

Chorus:

So now permission to be, permission to fly  
And you're the only things that matter to me  
The freedom to flow, to a genuine flows  
And you're the only things that mattered to me

Oh, oh, oh, oh  
The simple things that matter to me

Oh, oh, oh, oh  
The simple things that matter to me  
Oh, oh, oh, oh  
The simple things that matter to me  
Oh, oh, oh, oh  
The simple things that matter to me
