I am the harm which you inflict
I am your brilliance and frustration
I'm the nuclear bombs it they're to hit
I am your immaturity and your indignance
I am your misfits and your praised
I am your doubt and your conviction
I am your charity and your rape
I am your grasping and expectation

I see you averting your glances
I see you cheering on the war
I see you ignoring your children
And I love you still...
And I love you still

Haaaaaaaaaaaah
I see you averting your glimpses
I see you cheering on the war
I see you ignoring your children
And I love you still...
And I love you still
I see you altering history
I see you abusing the land
I see you, your selective amnesia
I love you still
And I love you still

I am your tragedy and your fortune
I am your crisis and delight
I am your profits and your prophets
I am your art, I am your vice
I am your death and your decisions
I am your passion and your plight
I am your sickness and convalescence
I am your weapons and your light

I see you holding your grudges
I see you gunning them down
I see you silencing your sisters
And I love you still...
And I love you still

I see you lie to your country
I see you forcing them out
I see you blaming each other
And I love you still...
And I love you still

Haaaaaaaaaaaaah
I see you holding your grudges
I see you gunning them down
I see you silencing your sisters
I love you still...
I love you still
I see you lie to your country
I see you forcing them out
I see you blaming each other
I love you still...
I love you still
I see you.
