In my old days someone won  
Those were days of win-lose  
In those beat times I was better  
I set high but came down by a nose  
Changed direction, looking up  
I am not worthy to be with you  
We are separate, I'm inferior  
I have yearnings to sit across from you

'Cause we're eye to eye  
We are win and win  
We are equal to each other  
We are same since we're  
We are lost in the truth  
We are partners as two brothers

Both directions speak alive  
Upon now I can feel  
As we down with our power  
We are separate, not looking across

'Cause we're eye to eye  
We are win and win  
We are equal to each other  
We are same since we're  
We are lost in the truth  
We are partners as two brothers

These delusions of our grandeur  
We are locked in the struggle  
These lies of love status lower  
These conclusions, we're in trouble

'Cause we're eye to eye  
We are win and win  
We are equal to each other  
We are same since we're  
We are lost in the truth  
We are partners as two brothers

Seems I love you  
Seems I love you  
Seems I love you  
Seems I love you

Seems I love you (do I love you?)  
Seems I love you  
Seems I love you (do I love you?)  
Seems I love you
