Every day I get up from off the floor  
I keep on coming back for more and more  
So many times I get it in the face  
I keep on running ' til my dying day

Rain on the roadway, thunder in the sky  
The light of day disappears from sight

As the road opens up in front of my eyes  
These wheels are burning up the miles  
As the road opens up in front of my eyes  
The only limitation is in my mind

I drive awake my eyes are on full beam  
The wind is screaming into my slipstream  
Something keeps pulling me back from sleep  
Whatever it is I want to see

These wheels are burning up the road tonight  
The fuel is pumping into my mind

As the road opens up in front of my eyes  
These wheels are burning up the miles  
As the road opens up in front of my eyes  
The only limitation is in my mind

I'll be there when it all comes down  
I'll be there  
I'll be there when it all comes down  
I'll be there  
When it all comes down

Come on, come on

As the road opens up in front of my eyes  
These wheels are burning up the miles  
As the road opens up in front of my eyes  
The only limitation is in my mind

The Road

Fuel pumping gasoline in my mind

From the engine to my body  
This wheels on fire

The Road

As the road opens up in front of my eyes  
The only limitation is in my mind

The Road
