A day of shining eath light rays
Today the boundless found their...way

Rising earthward clouds climax into growth
Inward flame of being explodes

Intended to heal my body and mind
Interacting and inner tracking

In search of...

Truth
In all
Endless lives striving

To fill an expanding void

Utilizing emotional elements

In seach of...

Respond through resolution
Ride upon a wave

Boundless elements combined

Intended to heal
My spirit Divine
Reaching out beyond formation
