Travel with me  
To the vast depths of hell  
See my creation  
The grand bait and switch  
Torture, and hatred  
The tools of negotiation  
My promises of pleasure  
The tool to stay the mind

Heaven's dark secret is my divine plan  
Toil rewarded, soil diverted  
The graveyard kingdom, still rotting flesh  
Their paradise embodied in life as in death

Trapped by virtue, chained to the throne  
Your payment comes later, your freedom at last

Death is your promise, eternity in stone  
Spend your life to buy my love  
Pay off the debt, that I owe you

My trade is deception, the chains of guilt  
My work is destruction, the craft of god

Now, you see  
I am born of an insidious nature

We see now the depths of illusion  
We remember now the chains that bound you

Now I know my fight  
The final struggle in sight

The memory that trapped your heart  
Is lost...

The tyranny that finds us now  
Is vast...

My strength, your wisdom  
Evil's bane, to slash illusion

The renaissance taught us much  
Sadly so, we're quick to forget

The enlightenment of ages past  
Lost to eternity  
The power of the mind, the evil of divine  
I challenge you, evil's form I challenge you, virtue's  
form
