They are among us  
Their justice is imminent  
The messenger of the time  
The messenger of the U.W.

Isolated by their hate  
Sentenced to silence  
They're just waiting for an order  
Their body doesn't have soul any more.

We are the power  
Fear their power  
We are the justice  
Fear their wish!  
We are the death  
They are the damned  
Messenger of the light  
Messenger of the U.W.

They are among us  
Their justice is imminent  
The messenger of the time

We are the power...
