This is the outcome of the behold!

Emptiness and sorrow terrifies my own  
My eyes art black into the dimensions of the disease of  
death  
Life creation's a vast sadistical feast

In the dark of night  
Suffocate me, lord of death

Into the abyss of cries  
I'll awake to demand...

Eyes black, to enslave the last life  
Taking it in hands like my own god  
To show the one that his oppression  
Is only a lie...

This is the outcome of my wrath  
The funeral of this earth combines with the red sky  
The night will convert this in my lair  
Life creation's a vast sadistical bleed

Hands like rimes  
Haunting the time  
Into the most perfect dream

The universe will stop forever  
To let the fall begin...

I'm now in essence to sodomize the kingdom of death  
This is the outcome of the behold

The blackened sword will raise again in ecstasy  
Hear the whisper of those lives  
And the red sky is falling bleeding the holy life

This is the outcome of my wrath

While the night will be seen in both horizons  
This is the Universe's Pillars Fall

For my healing:  
Into the pass of this duty  
My own spirit has been fouled  
Darkness even suffocated my being...

Raising lord of the destruction  
And the pain of burning black  
Consecrate my weak spectrum

Asmodeo I pray to thee  
Asmodeo! Asmodeo! Asmodeo!

Take myself beyond this blood  
Oh my lord, take me beyond  
For you this kingdom!

In thy eyes I find hatred  
In thy arm I find strength  
Kill my enemies  
GOD of mild souls  
For thy glory I cry!

My life's passed for thy silver divinity  
Flame by hand feeding from the dead

I will shine golden fire, luciferous!

Take my eyes to guide thy path  
Order me to die all until the end of time  
The falling of this will prevail in blasphemy

Make me thy slave to haunt and profane  
And climax of all pleasure will turn in pain  
Command my arise in tons of disgrace  
Forever instrument of thy plan

Again here by thy side to curse the holy  
Raven and Crow, Asmodeo I pray to thee...

Again here by thy side to curse the holy  
Raven and Crow, Asmodeo I pray to thee...

Asmodeo! Asmodeo! Asmodeo!

Take myself beyond this blood  
Oh my lord, take me beyond  
For you this kingdom!

I believe in thee, lord of the red sky  
Behind my back the desert land...

This was the outcome of thy evilness  
Emptiness and sorrow even terrified thee  
My eyes art black into the dimensions of the disease of  
death  
Life creation was vast sadistical feast
