I?ve got a cold, cold feelin; It?s just like ice around my heart.

I?ve got a cold, cold feelin; It?s just like ice around my heart.

I know I?m gonna? quit somebody, every time that, feelin?starts.

You treat my like a prisoner, because my hands are tied.

Everything you do to me, is stackin? up inside.

It?s a cold, cold feelin? Yea, You?re just like ice around my heart.

I know I?m gonna? quit somebody, every time that, feelin?starts.

There?s a change in me baby, once I was blind but now I can see.

There?s a change in me baby, once I was blind but now I can see.

I?m gonna? put everybody down baby,
That ever made a fool outta me.
