"The Moon Is Full"

I said the moon is full, I feel my love comin' down
I said the moon is full, I feel my love comin' down
You see I met this little girl, I don't think I'm gonna
wanna, wanna, leave this town

All my friends call me crazy, you just don't know how I
feel inside
All my friends call me crazy, you just don't know how I
feel inside
You know I love this little girl, 'cause she's got the little
pretty, pretty brown eyes

Gonna take that train in the mornin', I think I'm gonna
go back home
Gonna catch that train in the mornin' ya'all, I think I'm
gonna go back home
And I know that my little girl know, oh that I won't be
gone, I won't be gone 'till dawn

If I miss that train, I think I'm gonna to have to hitch-
hike
If I miss that train in the mornin' ya'all, I guess I'm
gonna have to hitch-hike
And I'll let my little girl know, I'll just be gone, I'll be
gone overnight
