A simple touch of your hand,  
And everything is right.  
The gentle way you look at me,  
When we kiss goodnight.  
You've given me the freedom no other love has known  
And now I thank you girl , thank you girl

The countless ways you've touched my heart  
Is more than I can say  
The beauty that you've shown to me  
takes my breath away  
A picture perfect painting, that's what our love is  
And yes I need you so, and now I know

Chorus:

ooooh  
I've found a masterpiece in you  
a work of art it's true  
And I treasure you my love  
ooooh  
I've found a masterpiece in you  
a work of art it's true  
And I treasure you

Sometimes I wonder what I'd be

Had I not found you  
A least and lonely soul this world  
could show me nothing new

But now my life's a canvas  
painted with your love  
And it will always be  
And now I see

The gentle walks together  
Through time will never pass  
This fairy tale we shared  
is real inside our hearts  
let it be forever  
never let it end  
this promise I can make

Heaven is ours to take

Repeat chorus

When I'm lost and insecure  
you build me up and make me sure  
that everything will be alright  
My love

Repeat chorus

(This fairy tale we're sharing  
is real inside our hearts  
Let it be forever  
never let it end)
