My knife has made it's mark in your back
And it's better when it's dark and pitch black

So this is real yes we've Fallen
And with chemicals this nightmare ends
The preview has ended.

I've got you inside
Under the sheets where you'll stay
I've got you inside
Apart from the things I would say
But what does it mean not to change?
I've got you inside
2x
[Second time through in backround]

(there's nothing left for me to explain)

So this is real yes we've Fallen
And with chemicals this nightmare ends

I've got you inside
Under the sheets where you'll stay
I've got you inside
Apart from the things I would say

There's nothing left for me to explain

So this is real yes we've Fallen
And with chemicals this nightmare ends
I've got you inside
