Verse 1:

Well I know you're a victim of a love and hate  
relationship,  
But that don't change our situation.  
Cuz we've been runnin' round like children in a  
playground,  
Playing hide and seek w/ no explanations.

Now don't get me wrong, I've been lovin' every minute  
girl,  
Especially behind closed doors together  
But the truth remains the same that you're somebody  
else's,  
I don't wanna play this game of fair-weather.

Chorus:

Baby, you and I know  
To keep this on the down low,  
Maybe we should slow it down, and take some time to  
figure it out.

And it won't come easy,

You being without me  
But I think we need to slow it down, (and take some  
time to figure it out).

Verse 2:

Ooh... I'd like to think that all this time that we've been  
spending,  
Has been more than undercover attraction  
And I know that you don't really love him like you used  
to  
So you come to me for love and affection

Now don't get me wrong I've been lovin' every minute  
girl,  
Every secret moment alone.  
But the truth remains the same that you're somebody

else's,  
I don't wanna hide this love anymore!

Chorus x 2
