a bunch'a white boys, ain't got no bling-bling - 'cuz  
Cristal sucks, man, we only drink Yuengling - i take a  
step back with my two left feet - i dance like a spaz and  
i can't keep a beat - 'cuz i'm white, ch'all, that's right,  
ch'all - first class honkey in a second class world - get it  
up, get it down, party in my trailer - a 12-pack minimum  
with styrofoam container - it's mighty white, this world  
that we're livin' in - vanilla is the flavor and that's how  
i'm chillin', i'm a cracker - he goes good with wine and  
cheese - so slide over, baby, take a bite outta me -- i'm  
a master cracker of honkeytown, yeah i'm gettin' high  
while i'm gettin' down - i'm a wasp in distress, a picture  
of excess, down with whitey is what i stress - 'cuz i live  
in a white world, live in a white house, that damn white  
picket fence - i'm original white bread, got all the cool  
fans - i'm the ultimate anglo man -- (smoothe vanilla  
world) i got all the good jobs - (smoothe vanilla world)  
buy me baby a boob job -- i ain't no high-class pimp in a  
double wide trailer - mama needs some meth, so man,  
bet you could nail'er - i'm a tasty pop tart, i'm a rice  
crispy treat, we're the mashmellow cream that you love  
to eat - 'cuz we're white, ch'all, that's right, ch'all, so  
fuckin' white that it's painful - white trash, low class,  
somewhere in the middle - i'm a country boy but i don't  
play the fiddle - my corn liquor's strong, i put it in my  
bong - the white lightning haze keeps me rockin' for  
days 'cuz it's a smoothe vanilla world that we're livin' in  
- bein' white is original sin -- chorus -- (Skip's rap, you  
figure it out)
