i love good times like these - makes me want to drink
some beer - this joint is hot tonight - won't you make
some noise in here -- raise your glass and knock one
back - now rinse and repeat - raise your glass and
knock one back - won't you drink a cold beer with me? --
let's make a toast tonight - make a promise with our
beer - let's get drunk every night - raise some fuckin'
hell this year -- chorus - i drink 1 'cuz it feels good to
drink a cold one - 2 'cuz 1 is never enough - 3 'cuz i'm
not ready to quit - pour me a beer i'm chompin' at the
bit - 5 plus 1 makes a six pack - so raise your glass -
and let's go have another beer!
