sittin' in the hot tub and sippin' champagne - the sun is
comin' up and we're high on cocaine - i got a lot to say
but it don't make sense - been grindin' my teeth 'til my
face is tense - sneakin' to the bathroom, sniffin' and
snortin' - talkin' lot'a shit, baby, nothin' important --
talkin' 'bout the devil - the white fuckin' devil --
everybody's speedin' and sharin' the stash - we won't
run out with a pocket full of cash - who are you, and
who am i? - i'd answer you, homie, but i'm too damn
high! - my heart is a-thumpin', my soul has gone away -
talkin' politics in the U.S.A. -- chorus -- my hands are
sweaty and my nose is runny too - you know we like the
snow year round in Boone - drinkin' like a fish, you'd
think i'd be done - when the devil's in town, it's death
by fun - i got a little baggy that's talkin' to me - says rip
me open, and set me free!
