Welcome aboard ladies and gentlemen

This is Northwest Airlines flight 7-7-7-7 *[echo]*

*[Old vinyl sample]*

Real love

It's the real love

It's the real love

*[Slug]*

What is history when it's being made?

C'mon help me make it, you come here help me make it

What is history when it's being made?

Girl help me make it, come here help me make it

What is history when it's being made?

Brother come here help me make it

What is history when it's being made?

Everybody, let's make it

Since 1972-72-72 *[echo]*

*[NWA airline attendant (intermittently inaudible)]*

Please take a moment to locate the exit nearest to you

Using(?) in line, cause they may be behind you

With our cabin unpressurized at a high altitude(?)

during flight

We should be arriving safely (?) in dropdown

compartment above your seat

Neatly pull the mask firmly toward you

Start to suck oxygen (?) with the mask over your nose

and mouth

turn you on your locking strap over your head

over your head - over your head *[echo]*
