Takin' ova build an empires like sleaser
Tryin' to screw me an i screwed you like ever neesa
Nice galls on the mic fight for the empires and layin'
being tortued and enforced of the midnight

Camelot returning, '89 three times murling casting
spells leaving walls burning
Two shadow knights riding through the woods sights
Mic cavalieries in the moon light
Soon fight, battle, room, right and remedie
Voice milificants slinger like your cemedie
Bin Everlimps vs Man Erverlimps
You represent evaluvus whe havin' saint elegins
Telling tales where the dark age relevants
(?)The monster sees attacked the bodies past tens(?)

Chorus:

Takin ova we be the legaties through the rap legacie
surrealities of the industrie (3x)
Takin' ova, takin' ova...

Verse 2

Its the north-see defender storm out tender
Scandinavian i burry an eye lender
TP, theological prophecies

Yo, "T" lay the beat down (Who am I?)

The best of weegin' producin' on the "am I"

I take it to the sea, the open type for any open mic i

Saint like, glorious "viviendo lacada palabra"

I'm sailing in, with an Spanish armada...

From the horseback to a 24 track for quarter

My beast been walking to water, causing the border

Shells to call to, and the croum c.o.d.

Lets wack these other crews like Cap-m.p.c.
