"Far Away From Me"

Visit "[Far Away From Me](#)" on MotoLyrics.com

Life is so cruel when you fall in love
With someone who's not really meant for you
And love is for fools who are thinking of
How dreams and wishes are made to come true

Refrain

Then I blessed the day I found you
'Coz I thought you were the one
But you broke my heart and wasted love
Since you've been gone

Chorus

(And) I wish you'd get so far away from me
I can't get you off my mind, it's you I see
I still want you (want you), I need you (need you)
Right here next to me
But my broken heart is wanting you to be
Just far away from me

Repeat Verse and Refrain then Chorus

Bridge

No, I can't let you go
But deep inside I want you to know

Repeat Chorus

Far away... from me...
