I have tried to find a love and that I wished so true  
I kept on searching endlessly till I found you  
But it was all a big mistake  
My feelings I know I just can't fake because I don't love  
you anymore

I've spent sleepless nights just thinking what to say  
But when I am with you  
The words get in my way  
I couldn't take away my fears  
I can't stand seeing you in tears  
Baby, I know it's hard for you to take  
That it's gonna end this way

[Chorus]

Baby, it's true that I don't love you  
Yes, this time I'm sure of slipping you away  
And I know it's hard for me to love you again  
Just like before  
'Coz the love isn't here anymore

I've realized the hurt and the pain you've caused me  
You never thought of all my loving, how much you  
meant to me  
But baby you know, I can't pretend  
'Coz this time, this love has got to end  
Baby, it's hard for me and my feelings to show  
But I gotta let you know

[Repeat Chorus]

Instrumental

[Repeat Chorus]

'Coz the love isn't here...

[Repeat Chorus]

Now that I'm sure  
'Coz the love isn't here anymore
