, I didn't have the heart to say goodbye
And heaven knows a thousand times I tried
To explain how I feel

You, you closed our eyes and said a long goodnight
I kissed you for the last time and I tried
To explain how I feel

I, I didn't have the heart to say goodbye
And heaven knows a thousand times I tried
I didn't have the heart

I, would lie awake and wonder every night
Cause losing you is burning deep inside
I can't explain how I feel

I, I didn't have the heart to say goodbye
And heaven knows a thousand times I tried
I didn't have the heart to say goodbye
And losing you is hurting deep inside
I didn't have the heart

I, I didn't have the heart to say goodbye
And heaven knows a thousand times I tried
I didn't have the heart to say goodbye
And heaven knows a thousand times I tried
I didn't have the heart to say goodbye

And losing you is hurting deep inside
I didn't have the heart

I can't explain
