Hey, you little bastards  
Do you wanna bang heads with me?  
Cause it's Friday night or it's Tuesday night  
And we're in each other's company

So I'll think of you often and I'll think of you fondly  
You think it's often that Andrew Lloyd Weber assists  
In a 12th grade breakdown (12th grade breakdown),  
A 12th grade breakdown in the 8th grade chorus?

I know when I left that room  
I walked away from the chance of a lifetime  
I know when I left that room  
I walked away from the chance of a lifetime

I understand where you're coming from  
You don't feel productive here  
Because no one is active and every single one's bitter  
Enthusiasm is dead, you've seen it all before

So with your little two feet, disappearing to the beat  
You turn around and start to get bigger again  
You tell me what kind of dance is this  
You know it's crazy, you know it's crazy  
I know when I left that room  
I walked away from the chance of a lifetime  
I know when I left that room  
I walked away from the chance of a lifetime

I know that it's early  
And I know that you're late  
But I will put it aside cause it's a very important date  
What do you think is in store for us?  
Is it living room furniture terminus?  
I think that's ninety-five percent acceptable and okay

I know when I left that room  
I walked away from the chance of a lifetime  
I know when I left that room  
I walked away from the chance of a lifetime
