This year Halloween fell on a weekend,  
and me and the ghetto boys were trick-or-treating,  
robbing little kids for bags,  
until an old man got behind our ass

Hey it's halloween and my mind is playing tricks on me,  
I said hey it's halloween god damn homie, my minds  
playin' tricks on me,

So we speeded up the chase,  
we took a look back and he was right before our face,  
we were in for a squabble no doubt,  
so I turned around and hit the man in the mouth

Hey it's halloween and my mind is playing tricks on me,  
I said hey it's halloween and my mind, my mind, mind,  
mind, mind, mind is playin' tricks on me  
1-2-3-4 knock, knock on your front door  
5-6-7-8 give me your candy  
1-2-3-4 knock, knock on your front door  
5-6-7-8 give me your candy

Well this year Halloween fell on a weekend,  
and me and the ghetto boys were trick-or-treating,  
robbing little kids for bags,  
until an old man got behind our ass
