Lets set the north pole on fire!

Here we go!

Barbeque, softshoe, living in an igloo  
Cookin' up chicken wings, creating a meaty, beefy stew  
Charcoal, one goal, grilled fish to perfection  
The feast that I'm gonna make, could cause a huge  
erection

Building with an ice cube  
Playing with my Rubik's boob  
Cookin' up a Snowshoe Barbeque

Oh shit! What's that? It's another shark attack  
In this cold, nothing could be exposed, except not even  
your butt crack  
Some say blubber is made of all fat  
but I am man, I am Eskimo and, and i do not agree with  
that

We got a cold walk home, and we don't have a phone  
And this is absolutely like nothing in Rome  
There's no need for one refrigerator  
because, maybe that's what we need, that's what we  
need, pink panther isolator

I know, I know, I know. Now Dance!
