Stephanie says that she wants to know
Why she's given half her life to people she hates now
Stephanie says when answering the phone
What country should I say is calling from across the
world

But she's not afraid to die
The people all call her Alaska
Between worlds so the people ask her
'Cause it's all in her mind

Stephanie says that she wants to know
Why it is that she's the dawn and she can't be the moon
Stephanie says but doesn't hang up the phone
What sea shell I say is calling from across the world

But she's not afraid to die
The people all call her Alaska
Between worlds so the people ask her
'Cause it's all in her mind

Their asking is it good or bad
It's such an icy feeling
It's so cold in Alaska
