Yeah, you can ride for free
Come along with me
You know you're always on my mind

They wouldn't understand, but
That was half the plan
A room filled with candle light
Sex in Disguise
Sex in Disguise

Yeah, you can ride for free
Come along with me
You know you're always on my mind

They wouldn't understand, but
That was half the plan
A room filled with candle light
Sex in Disguise
Sex in Disguise
Sex in Disguise

Lay...
Lay next to me
Taste what you make
Then hold me next to none.
