You got a question you should ask it
From the cradle to the casket
From the womb to the tomb
Birth to the earth

Not everything that you touch
Will always turn to gold
Don't mind that smell of my breath
That's just my rotten soul

Question you should ask it
Cradle to the casket
Womb to the tomb
Birth to the earth
Not everything that you touch
Will always turn to gold
Don't mind that smell of my breath
That's just my rotten soul

Question you should ask it
Cradle to the casket
Womb to the tomb
Birth to the earth
