And is he good to you, uh huh, alright, yeah  
And do you like it when he comes on through? Uh huh,  
alright  
But is he good to you? Uh huh, alright, yeah  
And do you like it when he comes on through? Uh huh,  
yeah

And do you like it when he comes on through? Uh huh,  
yeah  
And do you like it when he comes on you? Uh huh, right  
But is he good to you? Uh huh, alright, yeah  
And do you like it when he comes on through? Uh huh,  
yeah  
And do you like it when he comes on through? Uh huh,  
yeah  
And do you like it when he comes on you? Uh huh, right  
But is he good to you? Uh huh, alright, yeah  
And do you like it when he comes on through? Uh huh,  
yeah
