Silence screams and quot
You're just so beautiful in blue and quot
Breathless stares escape your undying eyes
Are you blind to my sorrow and sympathy?

A piece of me will die with your last breath
This will all be over soon for you are so lost inside
Glazed eyes long for the waves' embrace
Drawn to an end so near

Far away are days when you smiled
Just to hear my voice
Why are you trying to run away?
My love, I can't find the words to tell you

Drown all of your fantasies
With your final broken promise
Silent angel crashes through sky
Having lost sight of the stars

Regail me with your tales of lonely, bittersweet loss
Giving up comes to easy when hope is gone
I'll walk away so you can choke on your dying breath
But if you side against me, to hell with you

Far away are days when you smiled
Just to hear my voice
Why are you trying to run away?
My love, I can't find the words to tell you

The fear has stolen her heart as she wakes from her
dream
Traacherous ink finds her lungs, seizing her screams
Numb hands now reach too late to take back the light

Far away are days when you smiled just to hear my
voice
Why are you trying to run away?
My love, I can't find the words to tell you

Far away are days when you smiled
Seas cry out butchering this tragic soul without hope

Their frailty is broken and now fades into the blue
