Quietly I am screaming for help
I calm down and steady myself
Collapse to the ground when I realize I can't breathe
Could this be happening? what's happening to me?
All the walls are closing in on me and confusion makes
it hard to see
Still my pounding heart is bleeding for you
I know the truth and I start to sweat, sweat, sweat,
sweat
Why the hell am I here?
I start to sweat, sweat, sweat, sweat

Why am I trying the undying, a ghost of such
elegance?
Oh why am i racing to be facing a vision of something
so perfect?

I am willing to give whatever it takes to find
forgiveness for my mistakes
So I'm going to take a chance and invite the unknown to
a deadly dance

I have laid eyes on you and yet it does not seem as if
the
earth moved
I know the truth and I start to sweat, sweat, sweat,
sweat
I will have you tonight!
I start to sweat, sweat, sweat, sweat
You will be mine tonight!

Why am I trying the undying?
A ghost of such elegance
Oh why am I racing to be facing a vision of something
so perfect

I am willing to give whatever it takes to find
forgiveness for my mistakes
So I'm going to take a chance and invite the unknown to
a deadly dance

As I rise to conquer the demons I sense that the

darkness awaits

The road I walk is paved with a thousand unmarked
graves

I am willing to give whatever it takes to find
forgiveness of my mistakes
So I'm going to take a chance and invite the unknown to
a deadly dance

As I rise to conquer the demons I sense that the
darkness awaits
