This time I die

Our love ruined by your malignance
Broken shards of feelings are now just tainted
memories left
Beautiful dreams that I cherished now
Are so disgusting as I strangle the light from you

I watched the smile fading from your face
You bled till there was nothing in your veins
Blood stains my hands so I won't forget you
It's all over now so dry your eyes
There is no forgiveness, be afraid to die
Blood stains my hands so I won't forget you

Tears fall as your screams of anguish rage
Throughout the heavens amidst the penance you must
pay
Caress this bullet as eyes close to the painful
memories you left
Consume the rest of me

My vision of you has now turned to dust
Your porcelain smile gone

I watched the smile fading from your face
You bled till there was nothing in your veins
Blood stains my hands so I won't forget you
It's all over now so dry your eyes
There is no forgiveness, be afraid to die
Blood stains my hands so I won't forget you

You let me go, you let me go too soon
I love your meaningless
Words that slip away as I slit your throat
I will slit your throat
