This time I die

Our love ruined by your malignance  
Broken shards of feelings are now just tainted  
memories left  
Beautiful dreams that I cherished now  
Are so disgusting as I strangle the light from you

I watched the smile fading from your face  
You bled till there was nothing in your veins  
Blood stains my hands so I won't forget you  
It's all over now so dry your eyes  
There is no forgiveness, be afraid to die  
Blood stains my hands so I won't forget you

Tears fall as your screams of anguish rage  
Throughout the heavens amidst the penance you must  
pay  
Caress this bullet as eyes close to the painful  
memories you left  
Consume the rest of me

My vision of you has now turned to dust  
Your porcelain smile gone

I watched the smile fading from your face  
You bled till there was nothing in your veins  
Blood stains my hands so I won't forget you  
It's all over now so dry your eyes  
There is no forgiveness, be afraid to die  
Blood stains my hands so I won't forget you

You let me go, you let me go too soon  
I love your meaningless  
Words that slip away as I slit your throat  
I will slit your throat
