Jealousy rears its ugly head
I won't forget the things you said before
Goodbye, goodnight, for good
Remember my face when you feel the pain

Help me to sleep
Help me to sleep

Now I'll fight with my eyes closed
For the things I've let go, sweet breath escapes
Choke on the lies that were your last goodbye
Hear my voice as you sleep
Choke on the lies that were your last goodbye

Helps me to sleep without your memory
And my shattered dreams collect dust on what used to be a lie
It haunts me no more and now you're gone, you've left me all alone
I wasn't wrong to feel this way inside
So goodbye, goodnight for good

Now I'll fight with my eyes closed
For the things I've let go, sweet breath escapes
Choke on the lies that were your last goodbye
Hear my voice as you sleep
Choke on the lies that were your last

I find pleasure in the taste of your decay
I anxiously watch you fade away

I can't explain what's happening inside of me
I refuse to fight you anymore
All I know is I have to make sure
Make sure you never wake up again

Soft flesh gives way to trembling hand
Beautiful eyes are sewn shut
Searing thread suffocates the light
Beautiful, beautiful
