Is it her, could it be?
Should my eyes believe what they see?
If you are who I think you are
I might lose my mind

Just a kiss from her lips
And I would simply fall to this
The way her hips swing back and forth
I've got butterflies

Dead girls don't just appear out thin air
But I am victim to her sinister stare

Please don't hate me for what I've done
Run away with me, I'll be everything that you need
Such a pretty girl screams to me
Take my hand, take my breath away
What if my heart breaks the spell?
Take my breath away

Just a scent of her skin
Unlocks forbidden memories
Your smiles that break the fragile hand
I've got butterflies

Dead girls don't just appear out thin air
But I am victim to her sinister stare

Please don't hate me for what I've done
Run away with me, I'll be everything that you need
Such a pretty girl screams to me
Take my hand, take my breath away
What if my heart breaks to sand?

I'll be your anchor, I'll be your lover
I'll be your anchor, I'll be your lover
And then your heart is solid gold
I'll bear my soul to you now

Please don't hate me for what I've done
Run away with me, I'll be everything that you need
Such a pretty girl screams to me

Take my hand, take my breath away

I can't lose you again
I can't lose you again
I can't lose you again
I'm not that wretched now

I'll never let you down
I'll never let you down
I'll never let you down
Angel
