Is it her, could it be, should my eyes believe what they see

If you are who I think you are

I might lose my mind

Just a kiss, from her lips

And I would simply fall to this

The way her hips swing back and forth

I've got butterflies

Dead girls don't just appear out of thin air

But I am victim, to her, sinister stare

Please don't hate me for what I've done

Run away with me, I'll be everything you need

Such a pretty girl screams to me

Take my hand, take my breath away

What if my heart breaks to sand (take my breath away)

Just a scent, of her skin

Unlocks forbidden memories

Your smiles break the fragile hand

I've got butterflies

Dead girls don't just appear out of thin air

But I am victim, to her, sinister stare

Please don't hate me for what I've done

Run away with me, I'll be everything you need

Such a pretty girl screams to me

Take my hand, take my breath away

What if my heart breaks to sand

I'll be your anchor, I'll be your lover

I'll be your anchor, I'll be your lover

And then your heart is solid gold

I'll bear my soul to you now

Please don't hate me for what I've done

Run away with me, I'll be everything you need

Such a pretty girl screams to me

Take my hand, take my breath away

I can't loose you again...  
I can't loose you again...  
I can't loose you again...  
I'm not that (I get lost)  
I'll never let you down  
I'll never let you down  
I'll never let you down  
Angel
