You'll beat me? Bring it on, bring it on  
You're gonna save the day? Bring it on, bring it on  
You ready? Bring it on  
I'll show you another thing or two

You may think you're clever but you're not  
You better get the coffins out  
Trust me kid that's where you're sleeping tonight

There's no guarantee we'll get out alive  
Stop your whining, let's get busy  
Baby it's time to lock and load  
Stop your whining, let's get busy

Welcome to the show  
It's a story that you've heard a thousand times  
So take a seat and get lost with me  
This tale will never stop being told

Welcome to the show  
It's a chance to save the world or lose the girl  
Let's save the world  
Heroes will save the day

You may think you've won  
But I promise you it's not over  
You may think you've won  
But I promise you it's not over

This could be our last chance to finally rise up  
So here we stand and here we will fight  
None of us shall run from anyone  
The storms are gathering

There's no guarantee we'll get out of alive  
Stop your whining, let's get busy  
We have to rise above and fight  
We'll be heroes

Welcome to the show  
It's a story that you've heard a thousand times  
So take a seat and get lost with me

This tale will never stop being told

Welcome to the show  
It's a chance to save the world or lose the girl  
Let's save the world  
Heroes will save the day

This is the part where you are supposed to scream  
This is the part where you are supposed to scream  
This is the part where you are supposed to scream  
When you scream we'll be heroes

Welcome to the show  
It's a story that you've heard a thousand times  
So take a seat and get lost with me  
This tale will never stop being told

Welcome to the show  
It's a chance to save the world or lose the girl  
Let's save the world  
Heroes will always save the day

Let's save the world  
Heroes will save the day  
Let's save the world  
Heroes will always save the day
