Where is she from Johnny?
Alright, alright, alright, alright, ladies and gentlemen
Welcome, It's Saturday Night
Are you ready for the beautiful, the lovely,
incomparable
Ladies and Gentlemen - Alesha!

Dance!
(Yeah) I wanna see you all moving
Hypnotik on you
Hey you, how would you feel if I took the time to make
you lose yourself
Go out your mind
Don't try to hold it back, because you're not the kind to
break this spell of mine
You're feeling sleepy
Keep your eyes on the swaying of my body
You wanna wake before I count to three
I got you right where I want you honey
You can't escape from me

So hypnotising
Temperature rising
Look in my eyes and slowly drift away
You're just where I want you
I know I got you
Right where I want you
All caught up in me

I wanna lay my body
Wanna lay my body on you
You want it. You need it. You love it.
Wanna get naughty

Gonna get hypnotik on you
Excited. Erotic. Hypnotik on you.
(ad-lib)
Give it up. Give it up. Owww!

A warm kiss
That's all it's gonna take for you to crave this
You know that the way I'm moving will make you

helpless
Hypnotized when you're slipping
Keep you down 'cos I'm taking
That's the way I get you

So hypnotising
Temperature rising
Look in my eyes and slowly drift away
You're just where I want you
I know I got you
Right where I want you
All caught up in me (All caught up in me, yeah)

I wanna lay my body
Wanna lay my body on you
You want it. You need it. You love it.
Wanna get naughty
Gonna get hypnotik on you
Excited. Erotic. Hypnotik on you.
