Ladies and gentlemen
Are you ready for this one?

Coming back with a different swag
Flying high with the UK flag
I'm in America, brand new tracks
Lady MC with the ???
I'm making delicate diamond hits
Transatlantic ???
Can you hear me 1, 2, check
And in my Carnegie dress I rock with the best

I bit the apple of pop pop music
I've been chained up and then ???
Wanna get out, wanna get down
Then if you hear me let me hear it out

I'm beaking out
Come if you dare
Let's paint this down
Hands in the air
It's going down
Oh not, oh yeah, oh yeah
If you're with me let me hear you say
La, la, la, la, la, la, la, la
La, la, la, la
La, la, la, la, la, la, la, la
La, la, la, la

Here we go now

I'm hearing you, hot speaker ??
I'm now an animal that's out of control
It's just how I roll, back to the ?? with Alesha ??
Set the ?? Dj is being next
See the people jump up, see you're impressed
Can you hear me 1, 2, check
Can you hear me 1, 2, check

Knocking it down and I'm taking a risk
Putting it back to the rhythm of this
Back in the club tearing it up

You wanna see me, yeah, you wanna touch

I'm beaking out
Come if you dare
Let's paint this down
Hands in the air
It's going down
Oh not, oh yeah, oh yeah
If you're with me let me hear you say
La, la, la, la, la, la, la, la
La, la, la, la
La, la, la, la, la, la, la, la
La, la, la, la

It's a party, all the girls being dressed in Bvlgari
Looking out like it's a safari
Ready to bounce, ready to crank this party
Feeling the drum ... the base for me
I'm on a new tip fresh like my lipstick
Cherry bomb that crack goes ballistic
Don't wanna miss this, yeah you wanna kiss this
I'll be the priority on everybody's guest lists
Oh yeah Oh oh

If you're with me let me hear you say

I'm beaking out
Come if you dare
Let's paint this down
Hands in the air
It's going down
Oh not, oh yeah, oh yeah
If you're with me let me hear you say
La, la, la, la, la, la, la, la
La, la, la, la
La, la, la, la, la, la, la, la
La, la, la, la

La, la, la, la, la, la, la, la
La, la, la, la
La, la, la, la, la, la, la, la
La, la, la, la
