Listen up

Little girls gather 'round
Let me tell you all about my day
I got blown around
By a big bad wolf's gaze

As I took a little trip to town
Took the merry-go-round again
At first I was sippin' the tea
Then I was sittin' on the coast of Spain

Hey, then, then I was all confused
No, I didn't know where I was
Might as well be a fairytale
So I picked I would be in Oz

Then, then I was pullin' the tricks
I was puttin' them on the rock
I said, "Oh, my God, we're gettin' raw
It's time to turn it up"

You're shady
Don't wanna live another day with you, day with you
So shady
Can't even think about seein' you, 'bout seein' you

He's a mystery to me
But I'll get you on your knees, knees
He's a mystery to the street
Oh, with a hand clap we're gonna get into the beat

He's a mystery to me
But I'll get you on your knees, knees
He's a mystery to the street
Oh, with a hand clap we're gonna get into the beat

H-h-here we go now
H-h-here we go now
Zip, a, dee, doo, dah, ah, zip, a, dee, day
Oh, my, my what a wonderful way, hey

Talk about gettin' down and out
Everything in your program canceled out
I know you're questionin' and figurin' out
But do you wanna play pain or the twist and shout?

Everybody gonna rock n' roll
We're pullin' like a mad lever, out of control

Everything that you said was no, no
And everything that we did was so, so
And everywhere we went we'd roll
And do you wanna play Twister or maybe Polo?

Think it over like a game of chess
If you wanna win the test, gotta beat the best
What you gonna do when we do the limbo
Now what you gonna say when I switch the tempo?

You're shady
Don't wanna live another day with you, day with you
So shady
Can't even think about seein' you, 'bout seein' you

He's a mystery to me
But I'll get you on your knees, knees
He's a mystery to the street
Oh, with a hand clap we're gonna get into the beat

He's a mystery to me
But I'll get you on your knees, knees
He's a mystery to the street
Oh, with a hand clap we're gonna get into the beat

We're gonna show you how
This is the jump off, we wanna see you jump, oh
Time for the night, jump off, wanna see you jump, oh

Mmm, we gonna show you how
This is the jump off
Gonna show you now, this is the jump off
We wanna see you jump, oh

He's a mystery to me
But I'll get you on your knees, knees
He's a mystery to the street
Oh, with a hand clap we're gonna get into the beat

He's a mystery to me
But I'll get you on your knees, knees
He's a mystery to the street
Oh, with a hand clap we're gonna get into the beat
