On the first day at school
Everybody knew
Joanna was hot
Still she was a lady
(Oh, Joanna)
She had a way in everything she'd say
So they'd all be hypnotized
But I realized
She was a girl that always had attention
That is why I could not let on my intention

Joanna, we're gonna
Touch the sky some night

One by one
Everybody tried
For Joanna's heart
Me, I just waited
(For Joanna)
And just for fun
She kept them on the run
Oh, Joanna was smart
Still she was a lady

I used to watch
Those fools, those fools, those fools
How they waited after school
Me, I kept my cool

Joanna, we're gonna
Touch the sky some night

Took some time
Until they all struck out
She couldn't see why
I didn't try
(Oh, Joanna)
Eventually she came on to me
Oh, Joanna was hot
And I got my shot
She's a girl who always had attention
That is why I couldn't let on my intention

Joanna, we're gonna
Touch the sky tonight
(Repeat)
