Friday night, I stepped up in the club  
So hyped, were gonna blow this spot  
In my new outfit, I was feeling good  
And them girls came up, they just wouldn't stop  
- nothing wrong with that, but honestly  
Sometimes I cannot figure out what they want from me  
The only thing I had in mind was to party  
I took this girl and said: Dance with me  
(Bridge)  
One girl she wants to kiss  
One girl she what's to dis  
One girl she wants to do this  
Them girls, them girls  
One girl she wants to hug  
One girl she wants to rock  
One girl she wants to f  
Them girls, them girls  
(Chorus)  
Uh, one time and they go  
Uh, two times and they go  
Uh, three times like an echo  
Uh, Uh, Uh, Uh  
And then  
Really late Saturday night Im walking down the street  
When I noticed a pretty young girl following me  
She was the type of girl that I would like to meet  
Then she talked to me  
She was like: I saw you on the TV-screen  
I was like: Yeah, you know what I mean  
She was like: Alex can you really sing?  
And then I sang to her like this:  
Oh, Oh, Oh, Oh  
(Bridge)  
(Chorus)  
Put your right hand up if you're feeling the beat  
Put your left hand up if you're feeling the heat  
Put both your hands together if you're feeling this shit  
Just clap with me, just clap with me  
(Chorus)  
I tell you it feels strange now (so strange)  
That everybody knows your name now (Alex)

Everybody wanna talk to me now (talk with me)  
Everybody wanna walk with me now (walk with me)  
I tell you it feels strange now (so strange)  
That everybody knows your name now (Alex)  
Everybody wanna talk to me now  
Everybody wanna walk with me now  
Oh, Oh, Oh
